

STAGEPLATE BEVERAGES

WELCOME

Thank you for choosing Stageplate Bistro!

– Whether backstage or in our restaurant, we believe an exceptional dining experience starts with pure, delicious water! We will never ask if you prefer bottled water or tap. We consider refreshing, quality water the first step in our “steps of service” and one of our core principals. Our green footprint matters to us as well and we are proud to serve Natura Water in Still–Chilled or Still–Ambient as part of our dine-in service. Please enjoy with our compliments! –
